Determining handing for door hardware is different than determining handing for carpentry (ordering and hanging doors). If you follow the standard carpentry rules for handing door hardware, instead of following the diagram below, there is good chance you may end up with a lock that is handed incorrectly. Please refer to the diagram below and if you have any questions, call Customer Service at **(800) 356-2741**.

HANDING OF DOOR IS ALWAYS DETERMINED FROM THE OUTSIDE

Handing is required for all products **EXCEPT** for the following*:

ENTRY SETS • Interior Trim with Knob	CF MECHANISM • Lever-by-Lever • Knob-by-Knob
ALL DUMMY FUNCTION SETS (Handing is required for 1/2 dummy levers, Handleset with Lever, and STRETTO)	KNOB SETS • All Functions

* Split finish of items listed may require handing
